**Subject:** Follow-up on EPA's Contingency Plan

Mike/Eric:

David spoke to me about your question related to our plan and if we needed to do an update. At this time we will not do an update as we are following our plan (bottom of page 7, exempted) and technically not implementing our plan. If there is a shutdown and EPA moves to implement our plan at a later date, we will revisit the chart with numbers.

Thanks.

John L Showman III, Deputy Assistant Administrator  
Office of Administration and Resources Management  
US Environmental Protection Agency
